43-45-8. General powers and duties of commission.

The commission is authorized and required to:

- (1)** Make such reasonable rules and regulations as may be necessary to protect the interest, health, and safety of the public and to ensure the efficiency of licensees, operators, and registered employees to carry out this chapter. Such rules and regulations shall not be effective until a public hearing shall have been granted and notification of such a hearing has been made to all licensees and certified operators;
- (2)** Provide for an appropriate and written examination for applicants and any other appropriate means of examination for applicants. The frequency of such examination shall be at the discretion of the commission, based upon the number of applications received, but not less than two such examinations shall be held annually. The commission shall give one examination per phase of structural pest control for one fee if the applicant seems to qualify. The examination fee shall be in an amount established by the commission for each applicant who makes application to take the examination to become a certified household pest control operator, wood-destroying organism control operator, or fumigator. An examination may be taken for the payment of one fee; and, in case the applicant shall not be certified, he or she shall have the right to take the examination again at the next scheduled examination, upon the payment of an additional fee in an amount established by the commission. In case certification is again denied, the applicant must wait a full year before reapplication is made. Thereafter, one full year must elapse before subsequent application may be made;
- (3)** Make an annual report to the Governor of the activities, expenditures, receipts, and other matters pertinent to the operation of the commission, a copy of which shall be filed by the Commissioner and the commission;
- (4)** Issue licenses to each place of business of each business entity qualifying under this chapter. Such licenses shall be renewable biennially and the license fee shall be in an amount established by the commission. In addition to the license fee per se, the commission is authorized to establish a research fee on each license in an amount sufficient to provide a minimum of \$30,000.00 per year and up to \$50,000.00 per year for the purpose of supporting the work of a research position in urban pest control at the University of Georgia. As a source of information for considering the amount of the research fee to be established, the commission shall be furnished within 30 days of the end of each fiscal year by the chairman of the Division of Entomology at the University of Georgia with a statement of the total costs associated with the research position for the preceding year and a description of the urban research projects to be conducted over the following two fiscal years. The commission shall advise the chairman of the Entomology Division at the University of Georgia on the projects proposed to be conducted; however, the final selection of projects shall be the sole responsibility of the chairman of the entomology division. Information provided to the commission on costs associated with the position shall be for advisory purposes only and the commission shall be solely responsible for establishment and collection of the research fee within the limits established above and for transferring such fees to the University of Georgia. If the University of Georgia discontinues such research position at any time, the commission shall discontinue its collection of the research fee and any unexpended funds held by the commission shall be transferred to the state treasury;

O.C.G.A. § 43-45-8

- (5) Issue certificates, certifying the qualification of operators, to those persons qualifying under this chapter. The certification fee shall be in an amount established by the commission; such certification shall be renewable biennially unless revoked or canceled for cause, subject to reeducation or such other requirements as the commission may impose by regulation to ensure that certified operators continue to meet the needs of changing technology and to assure a continuing level of competence and ability to operate safely and properly;
- (6) Issue certificates of registration to employees under this chapter. The secretary shall collect for such registration a fee in an amount established by the commission for each such registration. The commission is authorized to require a fee in an amount established by the commission for each change, cancellation, renewal, or issuance of a duplicate registration card;
- (7) Adopt a seal and alter the same at the pleasure of the commission;
- (8) Hold hearings, subpoena witnesses, and compel the production of documents and papers as shall be necessary in the performance of the duties of the commission;
- (9) Enter into reciprocal agreements with comparable agencies of other states that have requirements substantially equivalent to this state, whereby persons licensed or certified by such other states may be issued a license or certified by the commission without an examination, provided that such other states issue licenses or certifications without examination to persons licensed or certified by the commission; and
- (10) Aid and assist the Commissioner in the enforcement of this chapter in an advisory capacity as to matters pertaining to the enforcement of this chapter.

43-45-24.1. Civil penalty; negotiated settlements; hearings and procedure; disposition of penalties; judicial review; judgments.

(a) Any licensee, operator, registered employee, or any other person violating this chapter, any rule or regulation of the commission or the Commissioner promulgated pursuant to this chapter, or any condition or limitation of any license or registration imposed pursuant to this chapter may be liable for a civil penalty of not more than \$10,000.00 per violation. Such penalty may be imposed in addition to or in lieu of the suspension, cancellation, or revocation of a license, certification, or registration or any other enforcement action authorized by this chapter or any other provision of law. The consent of the entity or person against whom the penalty is to be imposed shall not be required for the imposition of such penalty.

(b) Whenever the Commissioner determines that any licensee, operator, registered employee, or any other person has violated this chapter, any rule or regulation of the commission or the Commissioner promulgated pursuant to this chapter, or any condition or limitation of any license or registration imposed pursuant to this chapter, the Commissioner may issue an administrative order imposing a civil penalty as provided in subsection (a) of this Code section for the violation without a hearing unless a person subject to the order petitions for a hearing. Any person who is aggrieved or adversely affected by such order shall, upon written petition within ten days after the service of the order on such person, have a right to a hearing before a hearing officer appointed by the Commissioner. Failure to petition for a hearing within such time period shall constitute a waiver of the right to a hearing. The order and notice shall be served in person by the Commissioner or the Commissioner's agent or by certified mail or statutory overnight delivery, return receipt requested. In the case of a licensee, operator, or registered employee, receipt of the order and notice will be conclusively presumed five days after the mailing of the order by certified mail or statutory overnight delivery, return receipt requested, to the address provided by such person in such person's most recent application. The order shall contain or be accompanied by a notice of opportunity for a hearing which states that a hearing must be petitioned for in writing within ten days of the service of the order. If a hearing is petitioned for within such ten-day period, the administrative order is stayed pending a final decision by the hearing officer. Upon receipt of a written petition for a hearing, the Commissioner shall schedule the hearing before a hearing officer appointed by the Commissioner, unless postponed by mutual consent, within 30 days of the receipt by the Commissioner of the petition. The Commissioner shall give the person petitioning for the hearing notice of the time and place of the hearing by certified mail or statutory overnight delivery to the address specified in the petition for a hearing at least 15 days prior to the date of the hearing. The hearing before the hearing officer shall be conducted in accordance with Chapter 13 of Title 50, the "Georgia Administrative Procedure Act," and the rules and regulations adopted by the commission or the Commissioner pursuant thereto. Any party to the hearing, including the Commissioner, shall have the right of judicial review thereof in accordance with Chapter 13 of Title 50.

(c) All civil penalties recovered by the Commissioner as provided in this Code section shall be paid into the state treasury.

(d) Informal disposition or settlement may be made of any contested case or action by stipulation, agreed settlement, consent order, or default.

(e) Except as otherwise provided in this Code section or by any other provision of this chapter, all proceedings under this Code section shall be conducted in accordance with Chapter 13 of Title 50, the

O.C.G.A. § 43-45-24.1

“Georgia Administrative Procedure Act,” and the rules and regulations adopted by the commission and the Commissioner pursuant thereto.

(f) Any order of the hearing officer issued after a hearing as provided in this Code section or any order of the Commissioner issued pursuant to this Code section, either unappealed from as provided in this Code section or affirmed or modified on any review or appeal pursuant to this Code section, and from which no further review is taken or allowed under this Code section, may be filed, as unappealed from or as affirmed or modified, if reviewed or appealed, by certified copy from the Commissioner in the superior court of the county wherein such person under order resides, or if such person is a corporation in the county wherein the corporation maintains its principal place of business, or in the county wherein the violation occurred or in which jurisdiction is appropriate, whereupon such superior court shall render judgment in accordance therewith and notify the parties. Such judgment shall have the same effect, and all proceedings in relation thereto shall thereafter be the same, as though such judgment had been rendered in an action duly heard and determined by such court.
