License Renewal Due: 13_2012

Welcome to the GDA Hemp Program application system.

Click [Apply](#) to begin a new application.

Please contact the [Georgia Department of Agriculture](#) with any questions.

If you are renewing a license, your home-page will have a notification in the top right of the screen highlighted by the red box. Click on the “License Renewal Due” link to access the renewal application. Once in the renewal application, please review all the tabs and associated information prior to submitting the renewal. You can make changes to the renewal application such as adding/removing key participants, adding/removing grow sites, adding/removing storage sites, etc. to the application if needed. Be sure to review all attachments included in the renewal application. If an attachment is outdated or incorrect, please remove it and upload the proper attachment. You can use the rest of this application guide to assist you.

Please select the license type for which you are applying.

Grower

Processor

Manufacturer
Anyone who intends to manufacture consumable hemp products in the State of Georgia must successfully complete the full application process with the GDA and be issued a Manufacturer License.

Check All That Apply for Manufacturer

I intend to manufacture consumable hemp products in the State of Georgia.

I also intend to become a Georgia licensed hemp processor and process the hemp that I manufacture. I understand that holding a hemp processor permit allows me to waive the otherwise \$5,000 Manufacturer License fee, but that I need to obtain the hemp processor permit first.

A Manufacturer License does not allow the Licensee to grow, process, or sell hemp or hemp products. Appropriate licenses must be obtained separately for these activities.

As a reminder, "consumable hemp product" means a hemp product intended to be ingested, absorbed, or inhaled by humans or animals with a total delta-9 THC concentration of not more than 0.3 percent.

Retailer

Wholesaler

Georgia Hemp Manufacturer License applicants must provide information on the manufacturing site property. This license is for a single location.

Manufacturer Site Property: Latitude and Longitude must be provided along with an aerial map or photograph (satellite imagery) that clearly shows the boundaries and dimensions of the manufacturing site.

I attest that I have read the preceding information and that I agree to each of the following:

- This license is for a single location. A separate license must be obtained for each additional location where manufacturing will occur.
- A manufacturer license will not entitle the holder to process hemp. Only permittees may process hemp into hemp products.
- Licensees must prevent unsupervised public access to manufacturing sites.
- Licensees must not manufacture hemp products on property owned by, leased from, or previously submitted in a license application by any person who is ineligible for, was terminated from, or was denied participation in the Georgia Hemp program due to failure to obtain an acceptable criminal background check or for violations of the Georgia Hemp Farming Act or this Chapter.
- I attest that the information submitted above regarding property designated to manufacture hemp products is true and correct. I further attest that I have legal permission to conduct hemp manufacturing activities at the specified location, as evidenced by a valid deed or lease agreement and use of which will not be in violation of local zoning or other ordinances.

1. Once on the “Facility” page, please read over the information provided and check the attestation boxes highlighted by the red box.

Hemp products are subject to sampling by a Department-approved sampling agent for delta-9 tetrahydrocannabinol concentration level testing. The frequency of sampling and number of hemp products sampled for such testing will be determined by the Department.

Cannabis and cannabis products with a total THC concentration greater than 0.3 percent constitute marijuana, a schedule I controlled substance, and must be disposed of by a DEA-registered reverse distributor and in the presence of local law enforcement. If your processing mechanisms result in total THC levels above 0.3 percent, you will need to contact a DEA-registered reverse distributor and local law enforcement and arrange for disposal of such controlled substances.

HEMP MANUFACTURER LICENSE APPLICATION GUIDELINES

- The Georgia Department of Agriculture (GDA) administers the Georgia Hemp Farming Act as authorized by O.C.G.A. § 2-23-1 et seq.
- This Hemp Manufacturer License Application is designed to provide sufficient instructions for completion by any individual who would be prepared to participate in the Georgia Hemp Program. The application includes a broad explanation of the program, but applicants should read the Georgia Hemp Farming Act (O.C.G.A. § 2-23-1 et seq.) and the Hemp Manufacturer Rules.
- Please make sure to fully review all application materials and Hemp Manufacturer Rules prior to contacting hemp program staff with questions. GDA is not in a position to offer direct consultation on completing a Hemp Manufacturer License application or to educate individuals about the production or manufacturing of hemp products.
- Anyone who intends to manufacture consumable hemp products in the State of Georgia must successfully complete the full application process with the GDA and be issued a Manufacturer License.
- A Manufacturer License does not allow the Licensee to sell, process, or grow hemp. Appropriate licenses must be obtained separately for these activities.
- The Annual Manufacturer License fee is \$5,000.00; provided, however, that any person who holds a Hemp Processor Permit issued by the department under this chapter shall not be required to pay the annual licensing fee provided for in this subsection in order for such person to be issued a Manufacturer License by the department under this section.
- Any person who materially falsifies any information contained in an application for a Manufacturer License will be ineligible to receive a Manufacturer License or otherwise participate in the Georgia Hemp Program.
- All costs associated with the manufacturing of consumable hemp products are the responsibility of the Licensee, including, but not limited to, costs for sampling, testing, and packaging.
- A Manufacturer License only gives you the ability to manufacture consumable hemp products. As a reminder, "consumable hemp product" means a hemp product intended to be ingested, absorbed, or inhaled by humans or animals with a total THC concentration of not more than 0.3 percent.
- The licensee must notify the Department, via e-mail to hemp@agr.georgia.gov, of any theft or loss of hemp products within forty-eight (48) hours of discovery of such theft or loss.
- The licensee must notify the Department in writing within ten (10) calendar days of the following:
 - A disciplinary proceeding or enforcement action by another government entity that may affect the licensee's business; and
 - Temporary closures of more than thirty (30) days or permanent closure of any manufacturing facility.
- Manufacturer licenses cannot be sold, assigned, transferred, pledged, or otherwise disposed of, alienated, or encumbered to or by another person, business, individual, or entity.
- Licensees must only manufacture hemp products at facilities identified in the manufacturer license application or a change request and must have the legal authority to grant the Department access to any and all such facilities for inspection and sampling.
- Licensees must allow and fully cooperate with all required inspections and sampling.
- Licensees must maintain all relevant records and information and make all reports within the applicable time frames as required in this Chapter.
- Licensees must not handle, manufacture, store, sell, transfer, ship, transport, deliver, distribute, or otherwise provide any hemp product that exceeds the total delta-9-THC concentration legal limit. The licensee must ensure that hemp products exceeding the total delta-9-THC concentration legal limit do not enter the stream of commerce.
- Licensees must not manufacture, store, sell, transfer, ship, transport, deliver, distribute, or otherwise provide any consumable hemp product that fails to comply with the requirements in Subject 40-32-5 of this Chapter.
- In the event that a consumable hemp product fails to comply with any requirement of Subject 40-32-5, the Department will require all hemp products in the product lot to be disposed of in accordance with this Chapter.
- Manufacturers of consumable hemp products providing full panel certificates of analysis via a QR code on consumable hemp product labeling must host and notify the Department of a landing webpage for consumer retrieval of relevant full panel certificates of analysis.
- Failure to comply with the Georgia Hemp Farming Act or its Rules may result in enforcement action, including, but not limited to, corrective action plans, suspension from the program, referral to the Attorney General's office, and the destruction of hemp materials.

The last tab is the Affirmation tab. Please read through the information and select the check boxes at the end.

The check boxes for the affirmations are highlighted by the red box. Once completed, click on the Submit Link highlighted by the circle on the right side of the page.

- Check here to indicate you have read and agree to the terms of the licensing agreement
 - I have read and understand the Manufacturer License Terms and Conditions of the Rules of the Georgia Department of Agriculture concerning Hemp Growers and Processors (Chapter 40-32-4-.02), and I agree to abide by all of these terms and conditions.
- Check here to indicate you have read and agree to the terms of the licensing agreement
 - I hereby consent and agree to allow representatives of the Department, the Georgia Bureau of Investigation, and other affected state and local law enforcement agencies to enter all premises where hemp products are being manufactured or handled for the purpose of conducting physical inspections and ensuring compliance with the requirements of the Georgia Hemp Farming Act and its Rules.
- Check here to indicate you have read and agree to the terms of the licensing agreement
 - I understand that by providing inaccurate or false information, my application may be rejected or the Manufacturer License may be revoked.
- Check here to indicate you have read and agree to the terms of the licensing agreement

Once you have clicked on the Submit Application button, a green bar will appear at the top of the page if the application has been submitted correctly. You will receive an email with confirming the application was submitted. The email will also provide further information and instructions on providing Background Checks for the Key Participants.

Georgia Department of Agriculture

Thank you for submitting an application for a Georgia Hemp License or Registration. Your application is currently under review by program staff to ensure it is complete. We will reach out if additional information is needed or to guide you through the next steps in the licensing process.

Please do not submit payment, provide additional documentation, or complete any other requirements until requested. If you are applying for a Grower or Processor license, if required, you will receive instructions regarding the criminal background report – please wait for these instructions before starting the process.

Once your application is approved for further processing, you will receive an email with instructions on how to complete the licensing process. Payment will only be requested after your application is approved and ready for licensing.

Thank you. Georgia Department of Agriculture.

Application # 313 submitted by John Doe on behalf of z Test Hemp, LLC has been received.

Georgia Department of Agriculture
19 M.L.K. Jr Dr SW
Atlanta, GA 30334

Once you have clicked on the Submit Application button, you will receive a confirmation email from donotreply@mi-corporation.com telling you we have received your application .

Georgia Retail Consumable Hemp Establishment License applicants must provide information on the retail site property. This license is for a single location.

Retail Site Property: Retail consumable hemp establishment licensees without a physical location within the state and that only sell to Georgia customers online, must provide the location (street address) in the licensee's home jurisdiction from which they ship consumable hemp products to Georgia customers.

I attest that I have read the preceding information and that I agree to each of the following:

- This license is for a single location. A separate license must be obtained for each additional location where retail activities will occur.
- Hemp products must not be sold, handled, or stored in any location that is not listed in the Hemp Retailer License Application.
- I attest that I have read and agree to abide by the restrictions on sale of consumable hemp products in O.C.G.A. §§ 16-12-240 through 16-12-243, including applicable signage requirements and the prohibition of sale or furnishing of consumable hemp products to persons under 21 years of age.
- I attest that I own the property or have legal permission to store and retail consumable hemp products on the property listed on my application, including a deed to the property or a lease or rental agreement for its use, in the same legal name as my license. I understand that I may be subject to local zoning or other ordinances, and storing and retailing consumable hemp products at the property listed on my application will not violate either. I understand that O.C.G.A. § 2-23-9.3 limits where I may operate a consumable hemp retail establishment, if that establishment was not in operation prior to July 1, 2024, and the property listed on my application complies with this requirement.
- I attest that the information submitted above regarding property designated to sell hemp products is true and correct.
