

Pesticide Products Registered for Use on Hemp

For use in Georgia, pesticide products must be registered with **BOTH** the United States Environmental Protection Agency (EPA) and the Georgia Department of Agriculture (GDA).

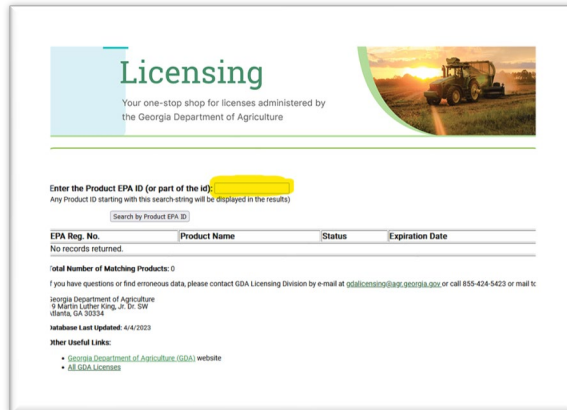

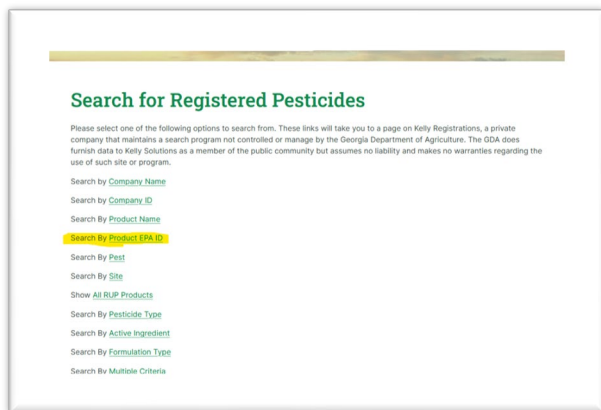

Verify EPA Registration

A list of products registered for hemp with the EPA can be found at <https://www.epa.gov/pesticide-registration/pesticide-products-registered-use-hemp>. Record the **EPA Reg. No.** for cross-referencing with GDA.

Verify GDA Registration

A list of products registered with the GDA can be found at <https://agr.georgia.gov/search-registered-pesticides>. Choose **“Search By Product EPA ID”** using the **EPA Reg. No.**

Please feel free to contact the Georgia Hemp Program at hemp@agr.georgia.gov if you have questions.
