License Renewal Due: 13_2012

If you are renewing a license, your home-page will have a notification in the top right of the screen highlighted by the red box. Click on the "License Renewal Due" link to access the renewal application. Once in the renewal application, please review all the tabs and associated information prior to submitting the renewal. You can make changes to the renewal application such as adding/removing key participants, adding/removing grow sites, adding/removing storage sites, etc. to the application if needed. Be sure to review all attachments included in the renewal application. If an attachment is outdated or incorrect, please remove it and upload the proper attachment. You can use the rest of this application guide to assist you.

Draft

Georgia Hemp Grower License applicants must provide information on each grow site and storage site property (if you intend to storalhandialidy hemp"). Each individual property must be reported separately below. See the

* The farm "Handle" is defined in part as "to possess or store hemp plants for any period of time on goperated, or controlled by a person licensed to cuttivate or process hemp" (40-32-1-02). Handling in plants after harvest. Hemp Growers only have two options for drying hemp, 1) dry hemp onsite or 2).

Press F11 to exit full screen

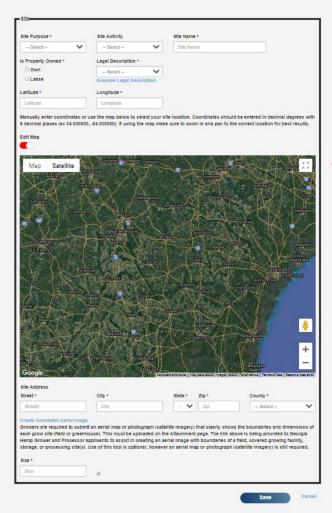

Orow tills Property. Georgia Hemp Grower Looms applicante must provide a logal description, whether it is a field or a covered growing facility, slong with original original real seaments or licenses as part of lings lauthority to cultivate more on the sist. Latitude and Longitude must be provided drong with an aerial map or photograph (satellite imageny) that clearly shows the boundaries and eliminations of each grow size (field or covered growing facility).

Blorge Site Property: Georgia Hemp Elower License applicants must provide a legal description for each storage site property along with origines of relieves descements or locenses as period foliage authority so cultivate hemp on the site. Latificiate and Longitude must be provided along with an aerial map or photograph (safellite imagery) that clearly shows the boundaries and diminance of each storage site.

It is also your responsibility to report your crop to your local USDA Farm Services Agency. Your hemp crop must be reported after planting and before July 15 of each growing year. USDA Service Center Locator

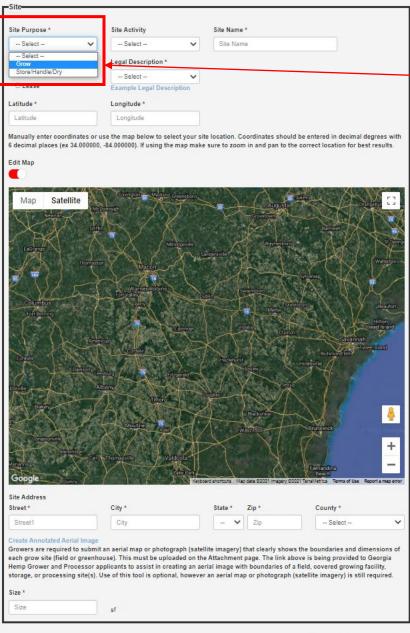

As the learness, we recommend you contact your Georgia country extension offices and country Shariffs offices to report, you are licensed and report all growing, dying, and presenting sites. If you do not knew you need shariff, we suggest a web search on your country name and the world "shariff" to locate your country office. For example: "Fullon Country, Shariff."

Hemp must not be cultivated, handled, harvested, or stored in any location that is not listed in the Hemp Grower License Application.

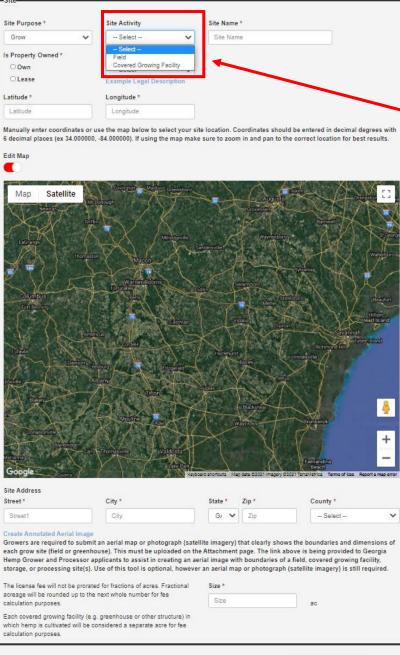

After clicking the "+ Add Sites" link, the box to the left will appear that must be completed for the grow site.

Hemp must not be cultivated, handled, harvested, or stored in any location that is not listed in the Hemp Grower License Application.

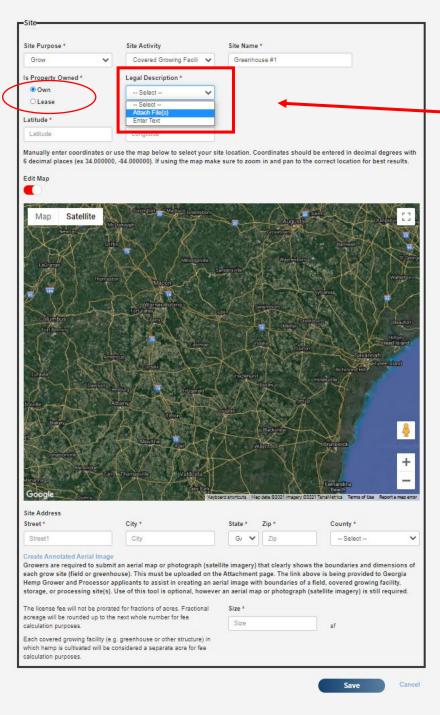

First, you will need to select the Site Purpose from the drop-down box. Since this is a grower application, the Site Purpose can be either a Grow Site (where plants will be grown) or a Storage Site (where hemp will be stored, handled, or dried)

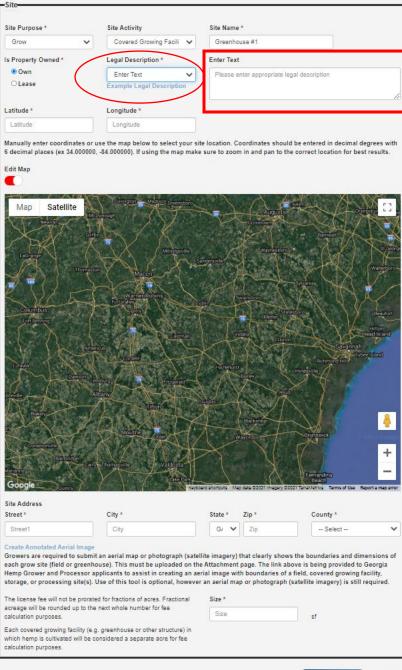

Application.

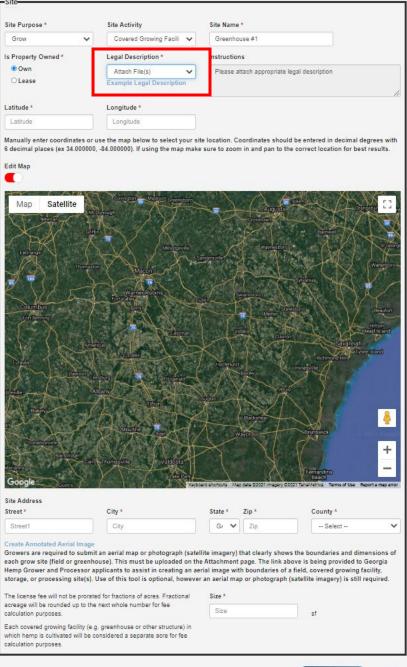

Next, you will need to select the Site Activity. The two options are a "Field" grow site or a "Covered Growing Facility" grow site. A "Covered Growing Facility" is a greenhouse, building or other structure identified by a licensee as a grow site and not used for residential purposes.

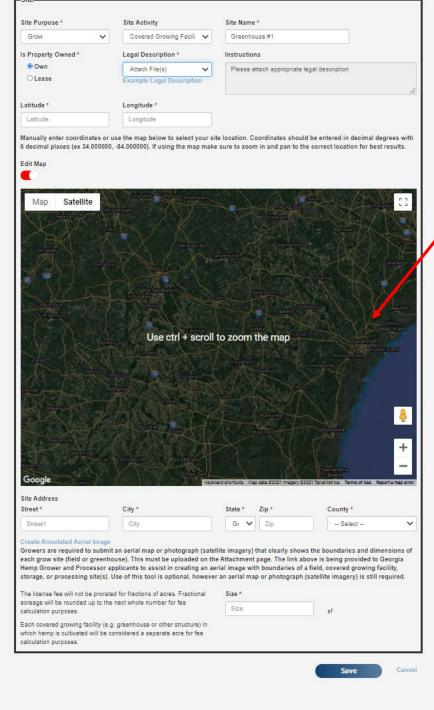

Next, you will need to select if you own or lease the grow site highlighted by the red circle. You will also need to provide a legal description for the grow site. You will need to choose how you would like to provide the legal description indicated by the highlighted red box. You can choose to upload the legal description as an attachment or enter the legal description manually by typing the description in the box provided.

In this screenshot, the applicant chose Enter Text from the drop-down box highlighted by the red circle for the Legal Description. To the right of the drop-down box is a box, highlighted by the red box, designated for entering the text of the legal description. You will need to type the legal description text in this box.

In this screenshot the applicant chose Attach File from the drop-down box highlighted in red. You will need to upload the attachment on the Attachments tab.

The next step is to enter the GPS coordinates and address for the site. You can either manually enter the coordinates and address or use a new feature that may make the process easier. If you are entering the GPS coordinates in manually, they must be in decimal degree format with 6 decimal places included. In this new system, you have the ability to use the map to zoom into your exact location and click on the exact point where you would like for the GPS coordinates and address to be recorded. As you scroll over the map, a message will appear "Use ctrl + scroll to zoom the map" as you can see in the image to the left. In order to zoom you will need to place your pointer arrow over the image. You will then need to click and hold the control button on your keyboard while at the same time use the scroll wheel on your computer mouse to zoom in or zoom out . As you will see in the next slide, it allows you to zoom in really close on your property.

In this image, the user zoomed in on the map using the control key + the scroll wheel on the mouse to zoom in on the exact location of the grow site. Once zoomed in, the user clicked on the image using the left mouse button to select the front door of the covered growing facility. Once the user clicked on the image, the GPS coordinates (latitude and longitude) and location address were populated automatically in the site address below the aerial photo indicated by the highlighted red box. Please make sure to check the address is correct. You also have the option to manually enter the GPS coordinates and Site Address if you desire. Please note GPS coordinates must be in Decimal Degree format with six decimal places.

Applicants are required to provide an aerial map or photograph that clearly shows the boundary of each site.

To assist applicants this optional tool can be used to help you create an aerial map or photograph if you do not already have one.

If using the tool click the link "Create Annotated Aerial Image" and follow the instructions. You will then save and upload the PDF as an attachment later in the "Attachments" section. The next page will detail how to use this tool.

NSTRUCTIONS

This app is being provided to Georgia Hemp Grower and Processor applicants to generate an aerial image with boundaries of a field, greenhouse, storage, or processing site(s).

Step 1: Locate your site location(s)

- 1.1 Use the find address or place search bar to locate your general site address
- 1.2 Use the zoom tool (or scroll wheel on your mouse) to click and drag to pan to your specific site location(s)

Step 2: Draw the outline(s) of your field, greenhouse, or storage sites

2.1 Use the draw tool then choose the polygon draw mode option and a color scheme

2.2 After enabling the draw tool, click on the map to create corners then double click when your boundary is complete

2.3 To add a label choose the text draw mode option and enter your text. To add the text to the map click to place it.

Step 1: Locate your site locations.

Enter an address as a starting point.

Use your mouse to zoom in and pan (click and drag)

Step 2: Draw the outline of your sites.

Click the "Draw" tool.

Hemp Site Creation App

INSTRUCTIONS

This app is being provided to Georgia Hemp Grower and Processor applicants to generate an aerial image with boundaries of a field, greenhouse, storage, or processing site(s).

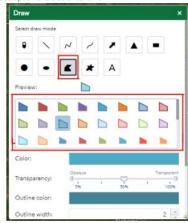

Step 1: Locate your site location(s)

- 1.1 Use the find address or place search bar to locate your general site address
- 1.2 Use the zoom tool (or scroll wheel on your mouse) to click and drag to pan to your specific site location(s)

Step 2: Draw the outline(s) of your field, greenhouse, or storage sites

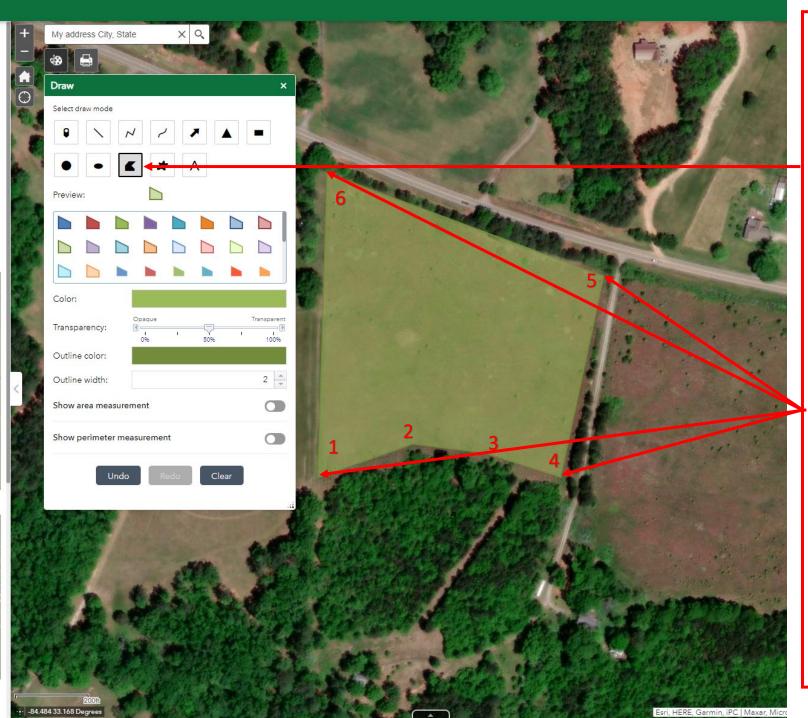

2.1 Use the *draw tool* then choose the polygon draw mode option and a color scheme

2.2 After enabling the *draw tool*, click on the map to create corners then double click when your boundary is complete

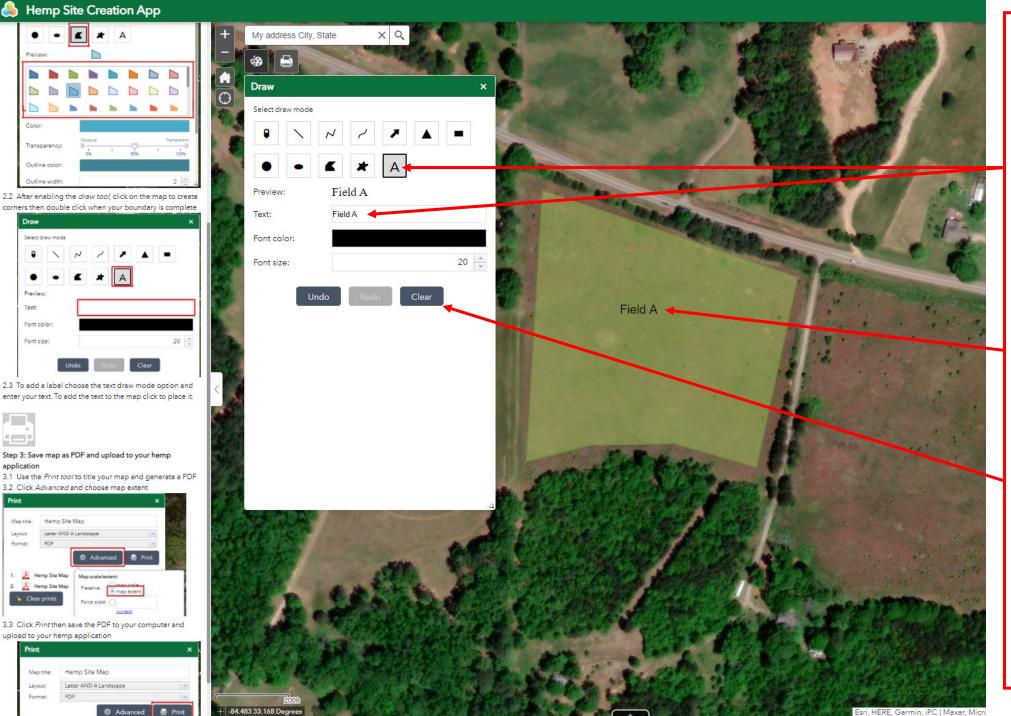

2.3 To add a label choose the text draw mode option and enter your text. To add the text to the map click to place it.

Continued Step 2: Draw the outline of your sites.

Choose the "Polygon" and pick a color (optional)

Next, begin drawing the polygon to outline your site. With your mouse a single click sets a corner. Continue to make corner to make your outline. Double-click to complete.

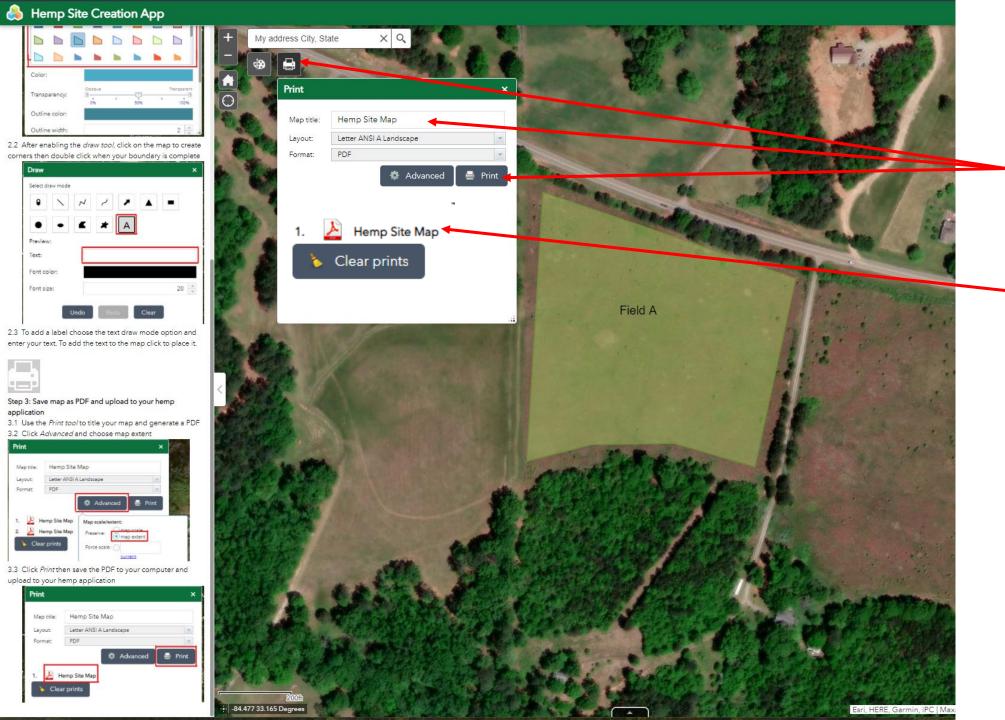

Continued Step 2: Draw the outline of your sites.

Add a label to your drawn outline by clicking the "Text" icon. Type in your desired text.

Click on the map to place the text.

If you need to start over you can clear the text and polygon.

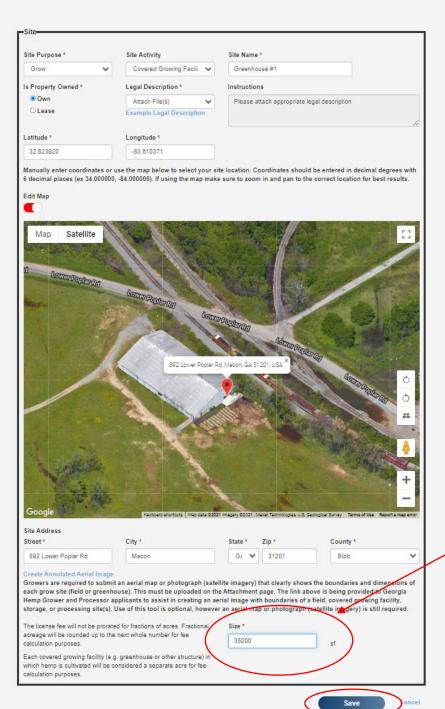

Step 3: Save your map as a PDF

After drawing and labeling your site(s) click the "Print" icon to save a PDF. Enter a title and click "Print".

Lastly click to open and save your PDF. Return to your application to attach.

*IMPORTANT – your site(s) must be centered in the map. If your PDF is cutting off your sites, try resizing your browser window and pan the map (click and hold with mouse) to ensure your site is centered.

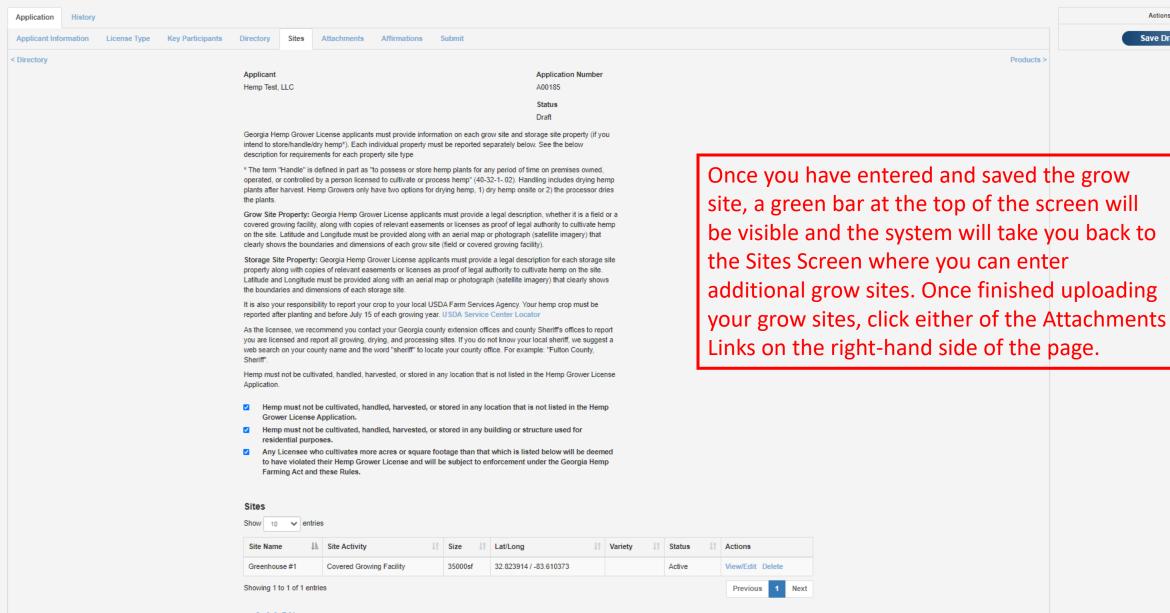

You will need to enter the size of the grow site in the box highlighted with the red circle. **Because "Covered Growing** Facility" was chosen in the dropdown box for Site Activity, you will need to enter the Square Footage of the Covered Growing Facility grow site. If "Field" had been chosen in the drop-down box for Site Activity, you would enter the acreage for the Field grow site. After entering the size of the grow site, click the save button at the bottom of the screen.

History

Affirmations Submit Applicant Information License Type Key Participants Directory Sites Attachments Submit > Applicant Application Number A00185 Hemp Test, LLC Status Draft The last tab is the Affirmation tab. HEMP GROWER LICENSE APPLICATION GUIDELINES

- . The Georgia Department of Agriculture (GDA) administers the Georgia Hemp Farming Act as authorized by O.C.G.A § 2-23-1, et seq.
- · This Hemp Grower License Application is designed to provide sufficient instructions for completion by any individual who would be prepared to participate in the Georgia Hemp Program. The application includes a broad understanding of the program, but applicants should read the Georgia Hemp Farming Act (O.C.G.A. § 2-23-1, et seq.), the Hemp Definitions & Grower Rules (Ga. Comp. R. & Regs. R. 40-32-1 & 2, et seq., and the USDA Interim Rule (7 CFR 990, et seq.).
- . Please make sure to fully review all application materials and Grower License Rules prior to contacting hemp program staff with questions. GDA is not in a position to offer direct consultation on completing a Hemp Grower License application or to educate individuals about the production of hemp.
- Anyone who intends to grow hemp in the State of Georgia must successfully complete the full application process with the GDA and be issued a Hemp Grower License prior to receiving, producing, cultivating, handling, or storing hemp plants or seeds. Receiving, producing, cultivating, handling, or storing hemp plants or seeds prior to full completion of the licensing process may result in the denial of your application.
- · A Hemp Grower License does not allow the Licensee to process hemp. A Hemp Processor Permit is required for the processing of hemp plants. Licensed Hemp Growers who intend to process hemp must apply separately for a Hemp Processor Permit.
- · Renewal applications, annual license fees, and annual criminal background checks must be submitted by December 1 of the year issued. Licenses will expire on December 31 of the year issued if the renewal application, renewal fee, and background checks are not timely submitted.
- . The Annual Hemp Grower License fee is \$50.00 per acre intended to be cultivated (up to a maximum fee of \$5,000.00) annually.
- Georgia Hemp Grower License applicants must own or have legal permission to cultivate, handle, or store hemp on the property listed on their application. A deed or lease will be sufficient in most cases.
- Georgia Hemp Grower Licensees may not cultivate in a building or structure used for residential purposes.
- . Background checks are required for each owner, key participant, and person holding a beneficial interest in the Hemp Grower License. Key participants include a partner in partnership, or a person with executive managerial control in a corporation (e.g. CEO, COO, CFO, etc.). Background checks must be received and reviewed by GDA prior to issuance of a Hemp Grower License.
- · Each Licensee must have a Department-approved sampling agent collect samples from the flower material of each lot of cannabis plants for delta-9 tetrahydrocannabinol (THC) concentration level testing within 30 days of the anticipated harvest. The Licensee must not harvest any cannabis prior to samples being taken. The Licensee must then harvest the crop not more than 30 days following the date of sample collection.
- All costs associated with the production of hemp are the responsibility of the Licensee including, but not limited to, costs for sampling and testing of hemp plants.
- . No person will be issued more than one Hemp Grower License, nor will any person be permitted to have a beneficial interest in more than one Hemp Grower License.
- . Hemp Grower Licenses cannot be sold, assigned, transferred, pledged, or otherwise disposed of, alienated, or encumbered to or by another person, business, individual, or entity.
- Hemp must not be cultivated, handled, harvested, or stored in any location that is not listed in the Hemp Grower
- . As a reminder, "hemp" means the plant species Cannabis sativa L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a total THC concentration of not more than 0.3 percent. The Hemp Grower License does not give you the ability to grow or handle cannabis materials with a total THC concentration greater than 0.3 percent.
- Cannabis plants with a total THC concentration greater than 0.3 percent constitute marijuana, a schedule I controlled substance, and must be disposed of by a DEA-registered reverse distributor or as otherwise provided for in the Hemp Grower Rules, If a sample analysis of your plants reveals total THC levels above 0.3 percent, you will need to contact the Department and arrange for disposal of all the plants in the same lot in accordance with

Please read through the information and select the check boxes at the end.

- Background checks are required for each owner, key participant, and person holding a beneficial interest in the Hemp Grower License. Key participants include a partner in partnership, or a person with executive managerial control in a corporation (e.g. CEO, COO, CFO, etc.). Background checks must be received and reviewed by GDA prior to issuance of a Hemp Grower License.
- Each Licensee must have a Department-approved sampling agent collect samples from the flower material of
 each lot of cannabis plants for delta-9 tetrahydrocannabinol (THC) concentration level testing within 30 days of the
 anticipated harvest. The Licensee must not harvest any cannabis prior to samples being taken. The Licensee must
 then harvest the crop not more than 30 days following the date of sample collection.
- All costs associated with the production of hemp are the responsibility of the Licensee including, but not limited to, costs for sampling and testing of hemp plants.
- No person will be issued more than one Hemp Grower License, nor will any person be permitted to have a beneficial interest in more than one Hemp Grower License.
- Hemp Grower Licenses cannot be sold, assigned, transferred, pledged, or otherwise disposed of, alienated, or encumbered to or by another person, business, individual, or entity.
- Hemp must not be cultivated, handled, harvested, or stored in any location that is not listed in the Hemp Grower License Application.
- As a reminder, "hemp" means the plant species Cannabis sativa L. and any part of that plant, including the seeds
 thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or
 not, with a total THC concentration of not more than 0.3 percent. The Hemp Grower License does not give you the
 ability to grow or handle cannabis materials with a total THC concentration greater than 0.3 percent.
- Cannabis plants with a total THC concentration greater than 0.3 percent constitute marijuana, a schedule I
 controlled substance, and must be disposed of by a DEA-registered reverse distributor or as otherwise provided
 for in the Hemp Grower Rules. If a sample analysis of your plants reveals total THC levels above 0.3 percent, you
 will need to contact the Department and arrange for disposal of all the plants in the same lot in accordance with
 the Hemp Grower Rules.
- Any person who materially falsifies any information contained in an application for a Hemp Grower License will be ineligible to receive a Hemp Grower License or otherwise participate in the Georgia Hemp Program.
- Failure to comply with the Georgia Hemp Farming Act or its Rules may result in enforcement action including, but
 not limited to, corrective action plans, suspension from the program, referral to the Attorney General's office, and
 the destruction of hemp materials.
- ☐ Check here to indicate you have read and agree to the terms of the licensing agreement
- I have read and understand the Grower License Terms and Conditions of the Rules of the Georgia Department of Agriculture concerning Hemp Growers and Processors (Chapter 40-32-2-.02), and I agree to abide by all of these terms and conditions.
- Check here to indicate you have read and agree to the terms of the licensing agreement.
- I hereby consent and agree to allow representatives of the Department, the Georgia Bureau of Investigation, and
 other affected state and local law enforcement agencies to enter all premises where hemp is being grown or
 handled for the purpose of conducting physical inspections and ensuring compliance with the requirements of the
 Georgia Hemp Farming Act and its Rules.
- $\hfill \square$ Check here to indicate you have read and agree to the terms of the licensing agreement
 - I understand that by providing inaccurate or false information, my application may be rejected or the Hemp Grower's License may be revoked.
- ☐ Check here to indicate you have read and agree to the terms of the licensing agreement
