

Georgie's **FOOD SAFETY** Activity Book

GEORGIA
grown

There are 4 important steps to food safety.

STEP 1: CLEAN

Wash hands, counter tops, cutting boards and utensils before and after fixing food. Use warm, soapy water.

STEP 2: COOK

Cook meats, poultry and seafood to proper temperatures. Remember to reheat leftovers properly, too! Use a food thermometer to be sure.

STEP 3: SEPARATE

Keep raw and cooked foods apart to prevent cross contamination. Separate raw meat, poultry, and seafood from raw fresh fruits and vegetables.

STEP 4: CHILL

Always keep cold foods cold (and hot foods hot). Remember the "2 hour rule" and don't leave perishable foods unrefrigerated for more than two hours.

HOW TO WASH YOUR HANDS

Draw a line from each step to the correct picture

1. Wet hands.

2. Rub hands together.

3. Rub hands together
for 20 seconds.
Sing Happy Birthday

4. Rinse hands.

5. Dry hands.
